

**INTERNATIONAL  
RESILIENCE  
GROUP**

# CAPABILITY STATEMENT

**INTERNATIONAL RESILIENCE GROUP IS AN INDEPENDENT CONSULTANCY COMPANY, PROVIDING A RANGE OF RESILIENCE SERVICES ACROSS PUBLIC, PRIVATE AND NOT-FOR-PROFIT SECTORS.**

We specialise in emergency and security management, business continuity, and incident response and crisis management. IRG provides client-specific solutions in order to prevent, prepare, respond and recover from physical and technical incidents.

IRG's fully customised solutions ensure the best possible outcomes for your organisation in line with budget and scope of operations. Our business partners have been specially vetted to ensure likeminded attitudes towards security and empathy for client outcomes.

The Group's highly skilled and qualified team members have demonstrated experience within both Australian and regional industry, government and academia - operating predominantly within South East Asia.

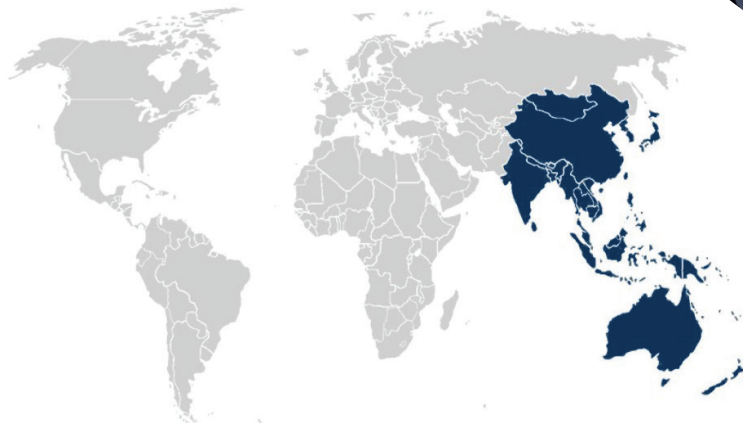

IRG provides truly independent consultancy services. We are not aligned or owned by equipment suppliers or vendors within our areas of expertise. This makes us independent.

## OUR VALUES

Integrity. Respect. Outcomes.

## OUR PEOPLE

Experienced, qualified, confident and knowledgeable.

# OUR SERVICES

Our outstanding team have expertise and in-depth knowledge a number of sectors and disciplines so you can be assured that your staff, business operations and assets have appropriate levels of protection regarding safety and security.

## There is no substitute for experience.

Our team prides itself on the provision of best practice, tailored safety and security services; whilst maintaining discreet and confidential advice and recommendations.

With security and privacy at the forefront, you can be guaranteed that our services will be kept confidential; now and into the future.

Our ability to communicate across all levels of management and staff using clear and concise language means that you have the ability to make sound business decisions - leading to a safe and secure working and operating environments.
